- **OUR FACILITIES**

*In Karad, we are in the process of establishing one of the largest Neurosurgery centres in Asia, with 200 beds and state of the art equipment..The first intraoperative 192 slice CT in the world, the first Exoscope in India, and many more like Augmented reality navigation, Lasers, Neuromonitoring, CUSA, Coblators, Debriders and more..There will be ultra modern 50 beds ICU with separate neurocritical care team, who is around for 24 hours..Stroke surgery, both intervention and bypass is being established, which are present in very few centres in India. The Aesculap academy for training Neurosurgeons has been started in KIMS for the first time in South East Asia. Dr Cherian travels to all parts of the world for surgeries and lectures on his technique of cisternostomy, skull base techniques and as technical lead for development of future instruments.*
